They are titled “Concerning Travels” and “Internment and Repatriation documents.” Note: Not included in these boxes is an additional scrapbook of letters to and from WWC, as well as programs and other memorabilia from 1883-1900. These are mostly from WWC's high school years and college years at Haverford. This scrapbook has not yet been processed because it first needs conservation work. There are approximately 60 pages in the scrapbook, most filled with multiple letters on each page. A brief glance through the scrapbook reveals WWC's involvement in football, Haverford's Loganian Society (debate), the gymnastics team ("fancy club swinging"), and participation in a competition for the alumni prize in oratory, where he competed against Rufus Jones. There are also report cards from his four years at Haverford, and some from medical school at the University of Pennsylvania.

Abstract

The principal creators in the collection are Quakers William Warder Cadbury (1877-1959) and Catharine Jones Cadbury (1884-1970) who spent most of their lives in China. William Warder Cadbury came to China as a medical missionary in 1909. The collection includes 43 boxes of written correspondence and 76 volumes of William Warder Cadbury's diaries, beginning in 1893 (age 16) and ending in 1958 (age 81). There are gaps in the periods 1894-1904, 1906-1909, and 1917-1920. There are 21 volumes of diaries and notebooks of Catharine J. Cadbury. These begin
in 1932 (age 48) and ending in 1967 (age 83). There is a gap in the period 1953-1958. There are six boxes in the manuscript series, which include handwritten and typed documents by both William Warder Cadbury and Catharine Jones Cadbury. The next series contains a box of legal and financial documents. There are 14 boxes of photographs. This series is mostly comprised of photos taken by William Warder Cadbury in his travels and missionary work in China. There are also photos from travels in Europe, United States, and other Asian countries. Many medical photos including X-rays and photos of patients are also included. Lastly, there are a number of posters primarily depicting Japanese aggression against China in the 1930s and 40s and hostility toward Russian Communism in the 1940s. Biography/History

William Warder Cadbury (嘉惠霖 Jiā Huìlín) was born on 1877 Oct 15 in Philadelphia, PA. He was the son of Joel and Anna Kaighn Cadbury and he was a birthright member of the Philadelphia Monthly Meeting for the Western District (now called the Central Philadelphia Monthly Meeting). In 1911 he married Sarah Imbree Manatt; she died shortly after in 1912. Then, in 1917 he married Catharine Balderston Jones and had three daughters, Jane B. Cadbury, Emma Cadbury, and Catharine C. Cadbury.

He graduated from the William Penn Charter School in 1894, and got a B.A. and M.A. from Haverford College in 1898 and 1899 respectively. He received an M.D. from the University of Pennsylvania in 1902. He spent time studying abroad in Vienna in 1905. In the years 1906-07, he taught pathology and
pharmacology at the University of Pennsylvania, and in the period 1906-09, he worked as a pathologist at St. Mary’s Hospital.

Between 1909 and 1949, WWC was a medical missionary in Canton, China. In 1909 he traveled to China and became a professor at the Canton Christian College (later Lingnan University). In 1914, he joined the specialized medical staff of Canton Hospital. He was appointed superintendent of Canton Hospital in 1930. He served as Vice-President of the Chinese Medical Association from 1935-37, and as Canton Chairman of the International Red Cross from 1938-41.

He lived in China during an extremely tumultuous time in history, and in 1943, after the United States and Japan declared war, WWC and his wife Catharine were interned by the Japanese. They remained in the internment camp for eight months, until they were released and returned to the United States. Soon after the end of the war, WWC once again returned to China and reassumed his position at Canton. He remained there until 1949 when he retired.

For the rest of his life, from 1949-59, William lived at his home in Moorestown, NJ. On 1959 Oct 15, he died in Philadelphia, PA.

To Friends. Canton, CN, 1926 11/8. [Description of Rufus and Elizabeth Jones’ visit. At their last Sunday Morning Service, Mayor Sun Foh, the son of Sun Yat Sen, gave a talk on how the KMT and the Christians are not diametrically opposed, and can come to a mutual understanding. They have worried that this will put their adopted son James in danger, and believes he might be safer with General Lei. These protests have nothing to do with the staff or students, but are instead a protest against the governments arresting of one of the workers. This incident has worried WWC that things are drifting back into chaos. November, 12 1926, which is Sun’s birthday, is treated like a holiday, with parades and celebrations. ]
